MEMORANDUM FOR: Director, Community Counterintelligence and
Security Countermeasures Staff

25X1 FROM: [REDACTED]
Executive Officer
Office of Security

SUBJECT: SSCI Report on Counterintelligence and Security

25X1 1. In response to your request, Subject report has been
25X1 reviewed to determine if portions are classified and how such
25X1 portions could be made unclassified. From the countermeasures
point of view [REDACTED] the
following portions are classified and should be deleted: [REDACTED]

25X1 2. The series of items referred to below is unclassified
but is vague or misleading. My intent here is not to pick nits
but to suggest some minor additions in content which I believe
will better serve the national security interest, recognizing
that portions of the report will be reprinted, in and out of
context, in a variety of forms: [REDACTED]

Part one, A., pages 3-6: Regarding the espionage cases - No mention is made in the summaries of the negative impact (jail terms, etc.) their espionage activities had on each individual. Lacking the "down side" of espionage, these summaries tend, if anything, to glamorize both the traitorous acts and the successes of the opposition intelligence services. It is recommended that, wherever appropriate, jail terms, fines etc., be included. [REDACTED]

3. The summary of the SSCI report was also reviewed and was found to be satisfactory and unclassified as written. [REDACTED]
